

LEXINGTON CAFÉ

A ministry in the heart of Toulouse

The Lexington Café is a coffee shop in Toulouse, first opened in 2015 by the association « Concept Parallèles » and a team of volunteers and missionaries from the Assemblée Chrétienne de Toulouse (ACT - Toulouse Christian Assembly).

After functioning several years as an associative coffee shop 4 to 5 days a week, business has had to stop since 2020, for lack of staff. Yet this time has been fruitful as a student ministry was built within this café and has opened as a church plant in september 2022, church we have called « La Maison » (Home). Many have found among us a family, a friendly place where they can discover Jesus.

SERVICE

Today, we are looking for two missionaries to reopen this place as an café, while collaborating with the La Maison team, reaching out to students.

Several different activities can be imagined and organised in the cafe (concert, exhibition, conference,...) along with food and drinks, so this place may live again!

WHO WE ARE

The association « Concepts parallèles » has a vision to reach out to youth and students through a nice welcome, relationship, and cultural, artistic and helpful events through a cafe in the St-Cyprien area, in the heart of Toulouse.

Toulouse is the 4th city of France, with 1.3million inhabitants, and the 1st student city after Paris, with 135.000 students. It is to these students the Lord has sent us.

In spite of business being closed, the Lexington café still is well identified. It is a cozy place with a very good location that also opens its doors to other christian works and events. It is a strategic place with a lot of potential that we long to see open again.

OUR VISION

- A place where people find a welcome, a listening ear, relationships and transformation by the Spirit.
- A place where the Kingdom of God and its manifestation are proclaimed in the city center.
- A heart-warming place open for all
- Relevant to the Z generation
